Dear Commissioner,

SW-20379A-05-0489

W-20380A-05-0490

47CS

Please allow Rhodes Homes in Golden Valley! I have lived here many years and I think that we need this new development more than anything! All of our jobs, homes, and residents need some improvement in their lives. Our businesses are lacking quality employees, nice buildings and overall business.

We need new growth. We need planned growth. We need new homes. We need tax dollars. We have the water. We need to be able to use our local resources for our own growth and quit shipping our water resources to Las Vegas and Phoenix. Why can't we benefit from our water as well?

I ask you to please allow Golden Valley and Mohave County to use our own water. I ask you to allow new developments in our community. I ask you to approve any and all new developments in this area. We need it!

Best Regards,

*Edward J. Sullivan*
